DETAILED ACTION

Election/Restrictions

1. This application is in condition for allowance except for the presence of claim 6 directed to an invention non-elected with traverse in the reply filed on September 9, 2009. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

2. Applicant's election with traverse of Group I in the reply filed on September 9, 2009 is acknowledged. The traversal is on the ground(s) that it would not be unreasonably serious burden to search for all the groups of claims. This is not found persuasive because the inventions found in the groups are distinct for the reasons found on the restriction requirement mailed July 9, 2009 and they would require a different field of search and the prior art applicable to one invention would not likely be applicable to another invention.

The requirement is still deemed proper and is therefore made FINAL.

Reasons for allowance

3. Claims 1-5 and 7-17 are allowed.

4. The following is a statement for the indication of allowable subject matter:

The closest prior art documents Teruo (U.S. Patent Number 6,845,332), Feil et al. (U.S. Publication Number 2002/117997) and Koike et al. (U.S. Patent Number 6,583,606) fail to teach alone or in combination, **subtracting the measured state of charge in a first measurement from the state of charge at a second measurement and updating the value of the maximum capacity of the battery by relating the charge withdrawn from the battery with the result of the subtraction, characterized in that the second measurement is executed during charging**, as recited in independent claims 1 and 15. Claims 2-5, 7-14 and 16-17 are dependent on claims 1 and 15 and allowable for the same reasons.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
